## Center for International Earth Science Information Network

A collaboration between the World Economic Forum's Global Leaders for Tomorrow Environment Task Force, The Yale Center for Environmental Law and Policy, and the Columbia University Center for International Earth Science Information Network CIESIN.

## Conference Publications

Proceedings of the 2010 IEEE International Geoscience and Remote Sensing Symposium, 1687—1690. Natural Hazards and the Environment: Constraints on Achieving the Millennium Development Goals? February 2016, 123 pages, 13. This data set was the outcome of a 2007 by a team from CIESIN and the which provided the first global estimates of impacts to urban populations from sea level rise.

## No Title

A Complex Object Logical Language Interpreter for Relational Databases in the Framework of EPSILON ESPRIT P530-EPSILON final report, March 1990, 16 p. Pomerance, The development of the number field sieve, A.

## KIT

High-Speed Multiprocessors and Compilation Techniques. Pomerance, Number Theory in Progress, K. It is also an important step towards public communication and raising general awareness on the topic of light pollution.

## No Title

NESL: A nested data-parallel language version 2.
