Description: An essay on original genius; and its various modes of exertion in philosophy and the fine arts, particularly in poetry. By William Duff,

The belief of this changes for us the whole face of nature, and instead of a chill, impersonal world of forces to which no appeal can be made, and in which matter is supreme, gives us the home of a Father. Quantum phenomena for sub-atomic particles are well authenticated by experiments and the observations, though weird to our everyday thinking, have to be accepted as valid and real. Earth life is merely life in a classroom, the life beyond is the one that matters.

Dr. V.K. Maheshwari, Ph.D

Scott was very kind to literary men in misfortune, and his chosen friends were authors of eminence,—like Miss Edgeworth, Joanna Baillie, Thomas Moore, Crabbe, Southey, Wordsworth, Sir Humphry Davy, Dr. These notions are not given by experience, for we can suppose all the objects of sensation may be annihilated; on that supposition the notions of time and space are still more the less inherent in the mind.

Theory of Culture

He was early struck with the vices of the method employed in scientific instruction. Consider next the notions which we form of what is called the world of bodies. What is simple, natural, appealing to the heart rather than to the head, may last when more pretentious poetry shall have passed away.

Genesis 1

We men can do much in the way of modifying existing matter, but we cannot create the minutest particle of it. The Turks have a very poor beard.

Beacon Lights of History, Volume 13 eBook

But later we lost the rite of the sacred mushroom and partly relapsed to patriarchy, from which we are just beginning to recover. All these cases revealed variations in types of liminal situations and movements of protest and in the degree of their impact on the institutional arenas Smelser 1963.

Rev. William Duff: [On Allegory.]

We see the sun, the stars, and an infinity of objects without us ; and it is not at all likely that the soul sallies out of the body, and, as it were, takes a walk through the heavens, to contemplate all those objects. China is another country that can also be considered culturally diverse.
