The Postal Service was designed to be a self-funding agency. Browse authors with titles: Baratz, Morton S. On this basic function, the Postal

Service again comes up short.

The economics of the postal service. (1962 edition)

Meanwhile, customers, particularly in rural areas, grouse about service reductions. The Postal Service, unfortunately, has been at or near its credit limit for years, and much of that borrowing went to cover ongoing operating costs. It is very difficult to stay in business when costs exceed revenues.
