But in the Jin period, this term usually means Turkic-speaking Muslims, like the Uyghur Islam Muslim Uyghur mentioned above. Its mineral resources are probably among the richest in the world but are only partially developed. It is the rapid development of these areas that is having the most significant effect on the Asian regional economy as a whole, and Chinese government policy is designed to remove the obstacles to accelerated growth in these wealthier regions.

China population today. (eJournal / eMagazine, 1991) [tech.radiozamaneh.com]

Iwasaki concentrates on the political aspect of Buddhism in the area; this bias is partially determined by the nature of the Chinese sources, which constitute the basis of his research. Benton, Gregor, 1957- Canberra ACT : Centre for the Study of the Chinese Southern Diaspora, Division of Pacific and Asian History, Research School of Pacific and Asian Studies, Australian National University, 2001.
