She was capable of 21 knots, fast for a battleship. Las FARC-EP: Entre la organización y la política pp.

## How The Spanish Armada Failed To Conquer Against The English

© UK Parliament Education Service At midnight on August 7—8 July 28—29, the English launched eight fire ships before the wind and tide into the Spanish fleet, forcing the Spanish ships to cut or slip their cables thus losing their anchors and stand out to sea to avoid catching fire. Previous armoured cruisers carried smaller guns than pre-dreadnought battleships.

Terrorist organizations vulnerabilities and inefficiencies: A rational choice perspective.
