Booth takes an in-depth look at the nature and consequences of colonial policies for a wide range of factors, including the growth of export-oriented agriculture and the development of manufacturing industry. .

### **Colonial Legacies: Economic and Social Development in East and Southeast Asia**

The British controlled from Delhi the vast South Asian subcontinent that extended from the Khyber Pass in the west to the borders of Burma with China, and with the independent Kingdom of Thailand in the east. The British raj saw itself in the passive role of night watchman, providing security, rational administration, and a modicum of social overhead on the basis of which economic progress was expected to occur.
