National Farmers Union (United States)

I simply affirm that, whether it be in Indiana or elsewhere, that I will support your efforts. The Community is ring-fenced with a tariff, and this is a clever way of transferring some money from the consumer to the producer relatively painlessly. The sooner this important seat can be filled with a qualified candidate, the better off farmers and ranchers will be.

Highlights of Recent Issues

My question back to you would be, is it possible to create regulations that will make it feasible for all farmers to comply? The Bank of Zambia Act of 1965 and its subsequent amendments charge the institution with the usual central bank responsibilities such as being banker to government, issuer of currency, manager of foreign exchange reserves, controller of commercial banks' liquidity and with responsibilities for the formulation and implementation of monetary policy. In excess of one billion tonnes of ore c. Matusow, Farm Policies and Politics in the Truman Years 1967.

Debates (Hansard) No. 56

Wales's referendum, held on September 18, had one question on the ballot: Did the Welsh want their own assembly, with the power to administer public services in Wales? This explanatory note at the beginning of the draft legislation appears to be in conflict with the traditional interpretation of section 30 of the OWRA, which would consider any discharge of a substance that could be deleterious to the environment to be an infraction of the act.

HOUSE HEARING, 111TH CONGRESS

To close the Chopra file at this point could allow such a tactic to succeed, and could open the door for future harassment of witnesses in parliamentary investigations.

Organic Agriculture

What was once at least a small monetary compensation for the loss of an animal is now a complete loss. If the farmer sprays his crop with Roundup, the theory goes, everything except the canola will be killed. We have an obligation to consider the views of our electorate.

GREY SAUBLE CONSERVATION AUTHORITY SAUGEEN CONSERVATION The Acting Chair: Our next presenter is from the Grey Sauble Conservation Authority; Dick Hibma, chairman. I agree with the warden in the fact that the complexity of agriculture in Ontario varies extremely, from soil types to crop rotations to heat units to the slope of the land to the proximity of water.

Agriculture: 18 Apr 1991: House of Commons debates

Secretary Madigan had some ideas about that we discussed, and also GAO has ideas about that as well, as well as plans by you and Senator Lugar.
