## Messkatalog

Although the account appeals to a heterogeneous audience, it depicts the Beeldenstorm in neither a neutral nor in an objective way, but from a position of religious compromise and secular unanimity. Lebensjahre stand, also 1514 oder 1515 geboren ist.

**ADB:Willer, Georg (gest. 1593 oder 1594)**

The vertical centreline on which one sees the crucifix, two patrolling iconoclasts with club and pickaxe, the tearing of vestment and books, the open relic chest and the beheaded statue, summarises the whole subject.

Der Schatten des Symbols ist etwas stärker und es kann durch Klick aufgeklappt werden. Die offiziellen Titel der einzelnen Verzeichnisse änderten sich im Verlauf.

## Die Meßkataloge Georg Willers

This arrangement acquires dynamism from, or is even disturbed by, both the ladder leaning against the wall and the taut diagonal ropes with which the crucifix and the statues of the saints are being pulled down.

## Who is Georg Rotne?

The inherent tension between aspiration and reality counteracts the whole iconoclastic enterprise. In view of a profound social change, it favoured political as well as religious unanimity and conciliation. The events outside the church frame the Iconoclastic Fury.

## **Die [Frankfurter] Messkataloge Georg Willers**

As an account of the religious and political troubles in the second half of the sixteenth century, the Hogenberg series were directly involved in the battle of how to understand the current developments. Ten days after the iconoclastic riots started in the Westkwartier they reached the big cities of the southern Low Countries in the third week of August 1566.

## **Georg Willers Augsburger Musikalien**

This disturbance of the political order even corresponds to the disorder of the geometric structure of the Hogenberg print by the taut diagonal ropes, thereby transferring the disorder of the scene depicted to its visual medium. Auf den Messen wurde primär getauscht.
