But the nurse returned to Riga and the next time Sergei went to see his father, again his mother sent him alone. Griffith's work in the teens was highly regarded by and other Soviet filmmakers and greatly influenced their understanding of editing.

**Unproduced and Unfinished Films: An Ongoing Film Comment project**

Every other aspect of filmmaking originated in a different medium than film photography, art direction, writing, sound recording, but editing is the one process that is unique to film. Through inner conflict and the misunderstanding of others, he found whole areas of himself imprisoned in a chest filled with treasures likely to buy him further pain in life, but honour in posterity.
