Historically, the first time that fields were taken seriously was with when describing the. Needless to say, that approach worked extremely well, so there was no real need to change it anytime soon, yet Agora takes quite a different shape than its illustrious predecessors.

Paul

Tones are tweaked, pitch is lowered, bass is momentary added to create something that is moving and feels alive, rather than just a collection of musical instruments that were close to hand. Akt: retardierendes Moment: Tempelherr fällt in sein altes Denkschema zurück und wendet sich an den Patriarchen 5.

Double negation

Six Fabulous Mutilations 15 minuti nella prima metà è un delirio di elettronica progressiva degno dei Tangerine Dream, poi rimane disperso in un limbo di battiti techno-tribali, contrappunti altisonanti e fiordate di echi.

Dezenz translation in English

I loved both releases when they initially came out and was really happy to see Touch release them together on LP.
