Europe in the Sixteenth Century

Holbein stayed in Basel for almost a decade, but in 1524 he left the town for France in search of work. Gossart won the praise of the famous historian and biographer, , who noted that he was the first Northerner to paint the nude body with the beauty of the Italian style. Here is a German site with plenty of Images of 16th Century Woodcut Book-plates of famous Renaissance and Reformation era people, etc.

16th

This way of thinking reached its height in the late 17th and early 18th centuries when some rulers established absolute monarchies.

The Protestant Reformation (Europe, 16th Century)

The highest-ranking bishop in England, the Archbishop of Canterbury, helped the monarch with this task.

The Arts in Sixteenth

For instance, to fight a fever, according to Ficino, 'one sculpts Mercury in marble, in the hour of Mercury, when Mercury is rising, in the form of a man who bears arrows'. In our progression century by century through church history, we come to the tumultuous 16th century and the explosive influence of the Reformation.

Sixteenth Century

Prior to the Protestant Reformation, pretty much everyone in Europe was a Roman Catholic. This body was made up of clergy called inquisitors who sought out and tried heretics.

The Protestant Reformation (Europe, 16th Century)

How Historians Study the European Witch Hunts The persecution of mostly women as witches in medieval times and early modern Europe has fascinated scholars. This is a really nice, high-quality book of excellent scholarly value, recommended to anybody interested in a very good

overview of major developments of European history during this critical and fascinating period. However, Renaissance high magic, with its acceptance of the Hermetic doctrine of a universe animated in all its parts, and with the tendency of some of its exponents in their more poetical flights to talk of 'planetary deities', invited the charge that it was not really a natural magic, but rather a demonically facilitated one, and as such reprehensible.

Europe at the Beginning of Modern History, Sixteenth Century

. We do have an example of legal tolerance in the Edict of Nantes 1598.
