The visual culture of the Umayyad dynasty 661-750CE is of extreme importance, not only because it constitutes the foundation of Islamic art and architecture, but more importantly because it serves as the main link in the chain of cultural transmission from the Greco- Roman and Byzantine worlds to the Medieval Islamic world. There are some exceptions that blurs the line such as Athene, Apollon and to some extent Cleopatra which are portrayed by showing characteristics associated with the other gender. The syntactic analysis is tested empirically in six experiments and the results verified the analysis.

Частини книг: Museum. Department of Medieval and Later

As the study extends not only to the hotel sector, but also to other parts of the serviced accommodation industry, comparisons can be drawn between the different sectors.

Its value for this study is that a flexible methodology can be used to ensure that the analysis is sensitive to the great diversity of both recreational activities and the farm business forms within which they are enmeshed. La représentation visuelle de l'éléphant est donc utilisée quelquefois comme symbole d'appropriation d'un autre peuple et de sa culture par les Européens.
