However, most maintain the view that the acquisition of knowledge and scientific pursuit in general is not in disaccord with Islamic thought and religious belief. Many religious denominations and individual religious leaders have issued statements acknowledging the occurrence of evolution and pointing out that evolution and faith do not conflict.

### Response: The Best Ways to Resolve Conflicts Between Students (Opinion)

The challenge is to find a theory of peaceful co-existence between the state and its call for loyalty and religion's call for loyalty to itself. In order to do that, we need to briefly dig into some definitions and truths about conflict. Given the close relationship that Confucianism shares with Buddhism, many of the same arguments used to reconcile Buddhism with science also readily translate to Confucianism.
