I can see that years and years of work and experience has gone into it, and I'm very grateful that you're sharing it all with us. The Goals of Bass Technique In my opinion, these are the 4 main bass technique goals from which good bass technique will flow: Goal 1: Avoiding Injury and Musician Health Problems The most important goal of your bass technique is to avoid injuring your hands, back, ears, or anything else that may arrest your ability to play bass. To end the cleaning by the flicking and rolling the brush to the biting edge.

### **Hal Leonard Bass Method**

The person can also make some tiny circles using the brush.

### **Modified Bass Technique**

With MIDI tracks, slow down the music to any tempo, while the Animated Fretboard shows song fingerings as the music plays.

### **Hal Leonard Bass Method**

They are just some ways that work pretty well for me and might for you. Why Modified Bass Technique brushing is important Many people are suffering from plaque related diseases and , even for the people who say that they clean their teeth regularly.
