Celtic Light by De Waal Esther

So EUS-KADI we govern ourselves.

Celtic Serenity

Ogam has been thought to be the Basque language, which has been linked to the Celtic languages. When I lectured, I ended by offering those in attendance copies of a bibliography of books and videos I compiled over the years.

Celtic Serenity

They left absolutely no written records.

Imbolc

Although Barry Fell did not go further than assert that most Celtic connections occurred around the Bronze Age. Unfortunately for us, the Druids left us nothing about their side of the story.
