### The Bayport Times #37

Boy are they surprised when Chief Collig informs them that the hermit has been dead for sometime! Returning home, the boys frighten their with their costumes. Honestly I found this to be better than some of Someone sent me the book as they know I like mysteries doesn't matter if its a kids book to me either, means I'll read it faster plus I don't recall ever reading a Hardy Boys book as a kid. Swept overboard, of course, without being either seen or heard, po.

### Hardy Boys Series

The next day, an excited Chet and Biff leave for their boating trip on the Envoy. In others, she is often present for a visit, sometimes brief and sometimes extended.

### The Bayport Times #37

Lessons relevant today as they were on those long, hot summer days of long ago. No villages up the coast have seen any sign of Biff's boat, though the boys do find some anonymous wreckage on a reef which leads them to believe that disaster struck the Envoy. Needless to say, this story brought back more than enough nostalgia from my childhood, helping me realize how easily mysteries became my favorite genre to read.

### The Missing Chums (original text)

Although I think this one was great, they wove three mysteries into one and that at times made things rather confusing and frustrating. Consider all remaining covers in this post to be Bachem's unless stated otherwise. While looking ahead, I note that Rudy Nappi was responsible for both those covers.

### The Bayport Times #37

Plus, I have not read these last dozen books.

**The Missing Chums, The Hardy Boys Series, 1928 First Edition, Franklin W. Dixon**

In many other Hardy Boys books, she is mentioned alive. This is another fun adventure with the Hardy Boys as they find out that their friends Chet and Tony have come up missing after the party.

**The Missing Chums, The Hardy Boys Series, 1928 First Edition, Franklin W. Dixon**

Frank although the death of Iola does affect him somewhat stays more or less the same. The boys also own and store in the same boathouse as their boat, an iceboat.

**The Bayport Times #37**

. Interesting, but not exceptional, characters. .
