### Learn Liberty

The Iraq War would not start until almost a year after 2002's Attack of the Clones hit theaters, but it accurately predicted the ways in which a phony conflict could be constructed to cement patriotic support of an administration, silence potential critics, and grant the leadership increased political influence and power.

### Star Wars Politics

Through carefully crafted speeches and secret plots, the newer trilogy showed us the fall of democracy itself. Other planets ruled by monarchies included , , and. And I think we can safely say that gun control is not a big issue for the Empire, considering that everyone and their alien mother is packing blaster heat.

### Is It Racist to Deride the Star Wars Senate?

I was interested in the political structure of the SWars universe, and that is derived mainly from fairy tales and mythology. Although the cast has been praised for its racial and gender diversity, he points out that the armed forces of the Rebel Alliance are overwhelmingly dominated by humans. Star Wars does, however, perpetuate a kind of prejudice — just not the kind most of us are looking for.

### What Are the Politics of 'Star Wars'?

Which is why the First Order is building a new superweapon to make up for their weak military. Unfortunately, our information is so vague and incomplete it is difficult to determine much that is definite.

### The Politics of Star Wars

Emperors tend not to resign. The contested election of George W. That makes their suffering — and their successes — more poignant and real.

### Influenced U.S. Politics in Unexpected Ways

He knew that she, like all of Naboo, would be unprepared for the kind of brutality that the Trade Federation would bring with them. You can believe in a lot of conservative orthodoxy without agreeing to the more hawkish tendencies of the party. But while we see what the rebels are fighting against, we have almost no sense what they are fighting for.

### **The Politics of Star Wars: Lessons from A Galaxy Far, Far Away**

Sure, movies should challenge and provoke us to consider enormous political and philosophical questions.
