

Beam-solid interactions - fundamentals and applications : symposium held November 30-December 4, 1992, Boston, Massachusetts, U.S.A.

Materials Research Society - Publications

Description: -

-

Solids -- Effect of radiation on -- Congresses.

Beam dynamics -- Congresses. Beam-solid interactions -

fundamentals and applications : symposium held November 30-December 4, 1992, Boston, Massachusetts, U.S.A.

-

v. 279.

Materials Research Society symposia proceedings ;

v. 279

Materials Research Society symposium proceedings ; Beam-solid

interactions - fundamentals and applications : symposium held

November 30-December 4, 1992, Boston, Massachusetts, U.S.A.

Notes: Includes bibliographical references and indexes.

This edition was published in 1993

Filesize: 45.48 MB

Fundamentals of Beam

Short topical workshops are also being considered the day before the main conference. Dice Center for Research in Financial Economics.

AVS

Electrical Properties of MOS Capacitors with High-k Dielectric HfO₂ Gate Insulator Using ALD presented at American Vacuum Society Mid Atlantic Chapter Meeting, Newport News, VA. The symposium was held under the joint sponsorship of Bennett Optical Research, the Center for Research and Education in Optics and Lasers CREOL at the Center for Research and Education in Optics and Lasers CREOL at the University of Central Florida, Los Alamos National Laboratory, Lawrence Livermore National Laboratory, Sandia National Laboratories, and SPIE--The International Society for Optical Engineering.

Full text of

Nanomechanical Properties of Strained Silicon-on-Insulator sSOI Films Epitaxially grown on Si_{1-x}Ge_x and Layer Transferred by Wafer Bonding presented at Symposium HH.

Resume of Dr. GAMA

The understanding of growth and microstructure of superconducting thin-films, as well as the development of passive and active devices, continues to show rapid progress. Officers of Administration 41 Donald A.

Resume of Dr. GAMA

Raymond Rutan Faculty , Paul S. A Novel Approach to Contact Integration at 90 nm and Beyond presented at ULSI Process Integration III Symposium, Electrochemical Society Spring Meeting , Paris, France.

Applications of synchrotron radiation techniques to materials science V : symposium held November 29

Its first benefactor was a distinguished diplomat, statesman, and gentleman of broad culture; and the inheritance of his extensive library, his scientific instruments, and his fine collection of art established at the College a lasting conviction of the wisdom of strength in these areas of institutional resources. Bowdoin , Studio Art Fellow. Michigan , Dean for Planning and General Administration.

Fundamentals of Beam

University of Waterloo , Assistant Professor of Mathematics.

Charles M. C. Lee

Producing ancient scripture: Joseph Smith's translation projects in the development of Mormon Christianity. Mersereau, David Sherman, Sanford R Sistare, Donald B.
