## England in the Late Middle Ages

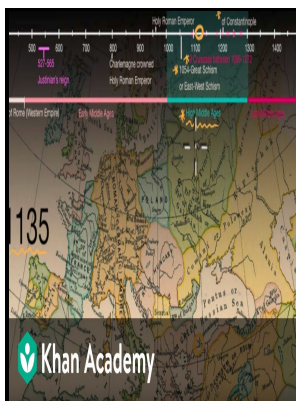

From a truly economic point of view, it made no difference, but it was seen as a matter of prestige: gold was the rich people's metal and was considered to be the most reliable reserve of value. The conciliar movement of the late Middle Ages aimed at a comprehensive reform of the Church through a general council.

## Late Middle Ages

Following John of Gaunt's return from Spain, Richard was able to rebuild his power, having Gloucester murdered in captivity in Calais. In Alexander, Jonathan; Binski, Paul eds.

## Medieval immigrants: moving to England in the Middle Ages

Many saw it as a punishment from God when Henry was later struck down with and. Their influence was exerted both

schemes were established in the late middle ages. Harding uses the Exchequer Particular Customs Accounts to document a substantial growth of London as the chief port of England in the late fourteenth century and confirms recent suggestions by other scholars that London's merchant community benefitted by the establishment of an overseas wool staple at Calais.

through the at Parliament and through the king's council.

## Late Middle Ages

Through locally based guilds, other trades also developed sickness funds in the early modern era. The English industry grew at the start of the fifteenth century, and a new class of international English merchants emerged, typically based in London or the South-West, prospering at the expense of the older, shrinking economies of the eastern towns. The use of gold and silver coins differed across upper and lower social classes.

## England and the Low Countries in the Late Middle Ages by Caroline M. Barron

Another well-known pseudocylindrical projection was developed by John Goode in 1925.

## Barron (Caroline) and Saul (Nigel), eds. England and the Low Countries in the Late Middle Ages.

Chief among these are the pseudocylindrical projections. In exchange Louis withdrew his support for English rebels, ceded three bishoprics and cities, and was to pay an annual rent for possession of. This cold end to the Middle Ages impacted significantly on English agriculture and living conditions.
