If someone compliments them, they tell everyone about it.

## 7 tips for dealing with change

Instead, call out your anxiety or your anger at the outset of a disorienting change so that you are aware of how it might distort your thinking or disrupt your relationships.

## Coping with Change

Post pictures and statuses on social media about how you are and what you have been doing. Tell people about the relationship. Running away from your problems is the worst thing you can do to deal with the challenges you are faced with.

## Coping with Change

Despite that, I remained present. These stations consist of a garbage can with a liner and a dispenser with plastic mitts that can be used to pick up dog waste. Or the malignant parent who manipulates siblings into competing for parental love and approval.

### **Coping with Change**

But if you take the time to examine your thought patterns and assess how rational they are, you might find some space to nudge your thinking towards resilience. Consider asking friends or family for help or emotional support. It is a waste of your time to put your hopes, expectations and energy into the fantasy that they will change.
