About Us

Transformational technologies and the creation of new work practices: Making implicit knowledge explicit in task-based offshoring. The handbook is simplified and shows ways of handling different child protection cases. Community Research Forum Removing Children From Adult Jails and Lockups: A Guide to Action.

Research, Ethics, and Compliance Training

Over the next few months, the IDC will share examples of—and learnings from—Community Hosting care arrangements which are being run as pilot programmes by Civil Society groups and as rights-respecting migration governance options by governments, in the MENA Region. Set up in March 2017, the European ATD Network is a space for strategizing for a different future to the looming dystopia of widening mass detention in Europe — because to achieve reform away from immigration detention, we believe we need to both make it a political problem and provide solutions. Establishing a professional profile of community health workers: results from a national study of roles, activities and training.

Publications

Winning policy change to promote community health workers: lessons from Massachusetts in the health reform era. Almost two years on, though geopolitical optimism in general is in even shorter supply, the Network is seeing real progress on our strategy.

CBITS

The systems used in this type of research usually rely upon very sophisticated algorithms or models see Rosario, 1992 for a description to interpret these relationships. Einstein is accredited to offer continuing education credit for the following professions: medicine, nursing and psychology. Her past experience includes work on corruption, transnational organised crime and political-economic affairs at Global Integrity, UNODC and the Consulates of France and Belgium.
