Type and Lettering from Around the World

With articles by Paul Luna, Graham Shaw and Fiona Ross, the book gives extensive visual documentation from the St Bride Library collection of non-Latin typesetting.

Online Resources

Historical examples of multi-script families are critiqued and new insights drawn on key factors in multi-script families. Century Schoolbook is familiar to many in North America as being the typeface with which many first learned to read. Froben's italic face is based on that of Aldus but more even and uniform in effect.

Fiddleink: Linotype Machine Typography, Fiddle Tunes, Print.

The Encyclopedia of Type Faces. A Titling Font is a font consisting only of capital letters or other sorts which do not extend into the space of the descenders cast such that it occupies substantially the full body of the type. The change between the two sets is done by pressing.

Century type family

So for example font 8 triangle 172 was Corona No.
