## Water Research

None June 2018 American marten *Martes americana* are an important furbearer to trappers in Maine and also provide value to hikers, skiers, and wildlife watchers. The information learned in this study will inform our understanding of avian responses to stand age and structure as relates to habitat quality and in the context of changing land use practices in the northern forest landscape.

## WRJAS

Monoufia journal of soil science, Vol. Water Health, 3 4 : 381-392.
