Learning Disabilities: The LD Perspectives Booklet Series

The school-to-prison pipeline is discussed in detail. Not only does creating greater multicultural awareness and inclusion help students with different backgrounds and needs succeed, but it encourages acceptance and helps prepare students to thrive in an exponentially diverse world.

Good Jobs for People with Learning Disabilities

Therapist Therapists do what the name suggests — they provide various types of therapies that impart positive benefits for patient or clients.

Why Are Students With Disabilities So Invisible in STEM Education? (Opinion)

Designed around the fundamental belief that the direct experience of individuals with disabilities is paramount and using the social model of disability, the program incorporates overlapping lenses through which students discover a new understanding of disability and society. In addition, homeschooling works well for some families, if parents are committed to educating themselves about what their child or teen needs in order to learn better.
