## Nigerian Economy During Colonial Era: An Overview

World demand soared during the two world wars. Because modern slavery is difficult to recognize, it has been difficult to combat this practice despite international and national efforts. It was in response to the prompting of eager indigenes in government, who then constituted a significant force in policy making, following the 1954 constitutional changes.

## NIGERIA

At all levels—local and regional after 1951 and federal after 1954—political leaders could use a range of controls, extending over local councils, district administration, police, and courts, to subdue any dissident minority, especially in the far north, where clientage was the social adhesive of the emirate system. Boko Haram is a violent social group that arose, partly in response to the social and economic deprivation of Nigeria's northeastern population. For instance, the improvement of water supply and health services was allocated as much as 25 percent whereas industry and agriculture, the directly productive sectors, were allocated only 6.
