### The World Clock — Worldwide

The Julian calendar was inaccurate and allowed the astronomical equinoxes and solstices to advance against it by approximately 11 minutes per year.

### Xtime

Athena: I will indulge your anger since you are older, and in that respect you are surely more sophos than I; yet Zeus has also granted me good phrenes. Since this example showed that the concavity of the water was not based on an interaction between the bucket and the water, Newton claimed that the water was rotating in relation to a third entity, absolute space.

### Time (magazine)

Contrary to Newton's assertions, Leibniz believed that time only makes sense in the presence of objects with which it can interact.

### Timê

That I, who have ancient phrenes, should live beneath the earth, alas, bereft of timê and unclean! They have not raided my cattle nor my horses, nor cut down my harvests on the fertile plains of Phthia; for between me and them there is a great space, both mountain and sounding sea.
