The situation gave us a valuable opportunity to look inwards and to innovate, to educate the sector, to promote growth in a sustainable way, and to implement sustainability guidelines. Thanh Niên sought to make use of patriotism in an effort to end the colonial occupation of the country by France. Over that period, the economy has experienced rapid growth.

### Malta Guidelines for Progress Development Plan 1

In between party congresses, the Central Committee is the supreme organ on party affairs. Some claim that Hồ Chí Minh Thought is used as a veil for a party leadership who has stopped believing in communism, but others rule this out on the basis that Hồ Chí Minh was an avid supporter of and the dictatorship of the proletariat. The Central Committee elects the Politburo in the aftermath of the Party Congress.
