Barlow, Thomas (1608/9)

Ageing, defensive, and out of sympathy with the tenor of his times, Barlow must have found the reign of James II difficult. We suggest contacting the seller directly to respectfully share your concerns. Nor is this any breach of friendship' Correspondence of Thomas Hobbes, 2.

Forbes Concerning the Necessity of Bishops London: 1670 , 231. And the Pope is call'd AntiChrist by all our old Divines, and the Question, An Papa sit Antichristus? His was an academic cast of mind, hungry for books and controversy, caring of his pupils and surprisingly cordial in person towards those whose beliefs he detested. United Reformed Church Morpeth has had a Presbyterian ministry since 1693.

It was once felt by historians that this vogue for *jure divino* undermined the royal supremacy early in the seventeenth century, but J. This omission eventually became a matter of public concern. Tawney, *Religion and the Rise of Capitalism* London: J.

Anglican Erastianism thereafter was compromised by an elevated view of the church's position in the ordering of spiritual affairs.

The Restoration Bishops and the Royal Supremacy.

Thorndike repudiated this entirely; he was explicitly anti-Erastian. He had already expressed his unease over infant baptism to the baptist theologian John Tombes. Repeatedly he preached on those Psalms in which David, supreme in both church and state, serves as an exemplar for Christian posterity.
