## Portrait des communautés (Outaouais region, Quebec)

Regent Park has a high rate of poverty because the community is made up of mostly low-income social housing.

## How to Identify a Target Market and Prepare a Customer Profile

The benefit is well known and easy to get. Other Information Existing research and available statistics were collected to provide context for the information collected in the surveys, focus groups, and roundtables.

## How to Identify a Target Market and Prepare a Customer Profile

This is consistent with the literature that indicates that a lack of coordination between federal and provincial partners was a substantial barrier to system integration and service delivery. In Yellowknife, Tisdale, and Winnipeg, the cost of living makes it harder for people living in low-income to afford necessities such as shelter and food.

## Portrait des communautés (Outaouais region, Quebec)

The response rates for the telephone surveys ranged from 8. Our research illustrates the range of different sponsors and supports the idea of sponsorship as a community practice: both a practice performed by a community and that creates a community, thus helping to sustain sponsorship over time.

## portraitofacaregiver.com

Even where the program contributions are small relative to other funding sources, such as provincial or territorial funds, program funding was cited as effective in filling gaps or complementing other sources. Tisdale: 68% Yellowknife: 53% Winnipeg: 52% Trois-Rivières: 48% Regent Park: 45% Saint John: 31% What is working well? In Tisdale and Yellowknife, people have to travel to other cities to access these services.

## Porch portraits: Families pose during a pandemic

The discussions lasted about 60 to 90 minutes.
