### Transition economy

In general, the graph shows that countries that kept a lid on inflation were better able to maintain economic activity than countries where inflation was unchecked. It is desirable to choose a reserve currency of a large trading partner that is stable low inflation in the partner country.

### The demographic transition and economic growth: implications for development policy

Thompson 1937:194 claims that no effort was made to re-classify land until 1910, when Cochinchina reclassified rice fields. For this, we assume a uniform, non-informative prior on the parameter space, so that every possible model coefficient is weighted equally conditioned on the corresponding term being included in the submodel. Elson, Robert 1992 'International Commerce, the State and Society: Economic and Social Change' in: N.

### The demographic transition and economic growth: implications for development policy

Hence, we report two numbers for each given size of training dataset—the absolute frequency with which our model is chosen as the best model for the different subsamples, and the relative position of our model in the list of models selected for different subsamples.

### IMF Working Papers Volume 1996 Issue 112: Macroeconomic Experiences of the Transition Economies in Indochina (1996)

They were motivated by considerations of fairness, a desire to give ordinary citizens a stake in the economy.

### Transition economy

Various causative mechanisms are proposed for the onset of the demographic transition. These authors, like several others, have stressed the

influence of the British advisers in urging caution regarding the implementation of costly public works projects which would have necessitated foreign loans, although the evidence suggests that it was senior Thai officials who made the final decisions.
