Tags: #9781870461399: #The #Encyclopedia #of #Practical #Photography #(A #Quarto #Book)

**The encyclopedia of practical photography (Book, 1987) [tech.radiozamanah.com]**

Librarian note: There is more than one author with this name in the Goodreads database. Regardless, anyone who hopes to succeed as a digital photographer should really understand the fundamentals of photography, and this book does just as good a job in 2016 as it did in the late 90's when I first read it. As of the date of my review 2016 I think this book may be a bit irrelevant in some areas, but certainly not in others composition, shutter speed, aperture etc.
