Pieter Bruegel the Elder (1525

Delightful details such as skaters on frozen ponds have added to the picture's enormous popularity.

The Harvesters

Pieter Bruegel was remembered in laudatory prints and panegyrics and perhaps most poignantly by Abraham Ortelius in his own friendship book. In Brussels, Bruegel produced his greatest paintings but only few designs for engravings, for the connection with Hiëronymus Cock may have become less close after Bruegel left Antwerp.

Pieter Bruegel, the Elder

He was no less interested in observing the works of man. Of the original group, five paintings have survived.

History of Art: Renaissance

Like Children's Games, several of Bruegel's other paintings are packed with figures and bustling with activity: often witty visual commentaries on such themes as folk proverbs or holiday festivities. There are approximately 112 identifiable proverbs and idioms in the scene.
