### Ashtapurusha, Aṣṭapuruṣa, Ashta

Astadhyayi was not composed for teaching Sanskrit, though it is a foundational text that can be used for understanding the language, speaking it correctly and using it precisely.

### Linear control of Euler

Add your comment or reference to a book if you want to contribute to this summary article. But the Ashtadhyayi is more complicated than this: ideas in one rule can carry over to the next, or to the next twenty; basic words have specialized meanings; and rules in one chapter may control rules in another.

### (Mahābhārata 12.328.1

No proof is presented here, however, that the Paninian framework is complete in the sense that it can generate any context-sensitive language. The history of Sanskrit grammar is generally classified into three broad segments: the Grammars that were in use prior to the time of Panini Pre-Panian — Pracheena-vyakarana; the Grammars that follow the system devised by Panini Panian ; and, those Grammars whose systems and methods vary from that of Panini Non- Panian or Navya-vyakarana — post Panini. This very day I will drive him from the house.

### LIBERATING WISDOM

But, rather, it was a subjective one; for, it was named by a speaker imposing his wish, opinion, knowledge or will on the object. The basic purpose of Grammar, as Patanjali says, is to govern the words in a language; not by listing them out, but by formulating a set of General Samanya and Particular Visaha rules with their related exceptions Apavada. Patanjali, in turn, brings in other modifications Isti ; and, articulates principles as pre-supposed in the Grammar.

### Panini

He has let me in for a thousand masuran. Needless to say, it is very fascinating.

**(Mahābhārata 12.328.1**

Having well tied the fastening I shall look after the cattle. Classical Sanskrit was probably never spoken by the masses, but it was never wholly a dead language.

**Vaiyaska, Vaiyāska: 2 definitions**

The Hettirala did not see it.

**LIBERATING WISDOM**

Here, speech is regarded as the vehicle of thought; and, whatever that comes within the purview of thought also comes within the purview of speech.
