Renaissance

These themes reoccur in her 1976 novel where the characters are involved in a very erotic lifestyle and the protagonist experiences despair. Lee even tried changing her genre, but to no success.

Tanith Lee

Eventually, the boy wants to know more about the earth, and asks to be returned, setting off a series of encounters between Azhrum and the Earth's people, some horrific, some positive.

Tanith Lee

He had an avid interest in manufacturing and sciences. A large part of her output was children's fantasy, which has spanned her entire career from The Dragon Hoard in 1971 to the more recent The Claidi Journals containing Wolf Tower, Wolf Star, Wolf Queen and Wolf Wing in the late 1990s and early 2000s.

Renaissance

The School of Athens by. Science Fiction: The Illustrated Encyclopedia.

Renaissance

She continued to work in various jobs for almost another decade, due to rejection of her books.

Tanith Lee

They measured ancient ruined buildings, they drew things and they dug around for weeks looking for bits of broken and painted pottery that they could stick together. Rodrigo Pimentel y Quiñones 14.
