This book is the second of the Mary Ann series by Catherine Cookson, and I found it to be a wonderful read. . It is not all laughter and fun tho, as Mary Ann's mother has a former suitor reappear in her life, causing Mike Mary Ann's da some distress.

Cute story, tho not quite hitting the BEST OF CATHERINE COOKSON mark. I won't give away anymore details, but will just say, read this book, and the others, and enjoy Mary Ann at this stage of things while you can because, like in real life, it won't last long.

It has been fun to read the series again. In this second novel of the Shaughnessy saga, Mary Ann returns in this delightful, warm-hearted and

humorously observed story of life set in northern England.
