## BASDAI Bath Ankylosing Spondylitis Disease Activity Index

From there, a patient is likely to be referred to a neurologist or a neuromuscular specialist. Thorn, who was editor of the first seven editions of the book and editor in chief of the eighth edition.

## BASDAI Bath Ankylosing Spondylitis Disease Activity Index

The BASDAI is the result of the work of a research team consisting of rheumatologists, physiotherapists, and research associates with a special interest in AS who developed the index in Bath, England. However, in recent years increased understanding of the basic mechanisms of NMT and autoimmunity has led to the development of novel treatment strategies. Some doctors will only give the diagnosis of peripheral nerve hyperexcitability as the differences between the three are largely a matter of the severity of the symptoms and can be subjective.

## Neuromyotonia

In these cases, the underlying cancer will determine prognosis. Harrison's Principles of Internal Medicine in Italian Harrison's Principles of Internal Medicine is an American of.

## Harrison's Principles of Internal Medicine

At least a third of people also experience sensory symptoms.
