## Historical Consciousness: The Remembered Past

A point he makes about the Cold War is especially valuable.

## Historical consciousness, or, The remembered past : Lukacs, John, 1924

Why were Taft and his fellow noninterventionists mistaken? In point of fact, Gödel was a Platonist about mathematical truth, though this view neither entails nor is entailed by his incompleteness theorems. Added to that his observation that history is made up of so many elements in a person's and a people's collective history or memory, wherever they are from, and that it is important for a person to know his history, to help him move on in his own history. .

**tech.radiozamaneh.com: Historical Consciousness: The Remembered Past (9781138524873): Lukacs, John: Books**

Everyone interested in the study of history should take the time to work through this book, which deals with the growing consciousness of history and our place in it in the Modern Age; the place of the historian in this context; and the consequences of the decline of the Age and the birth of a post-Modern era. Truth is not given to him.

## Historical Consciousness: The Remembered Past by John Lukacs

In this extraordinary analysis of the meaning of the remembered past, John Lukacs discusses the evolution of historical consciousness since its first emergence about three centuries ago. It is a book about thinking, one written long after Historical Consciousness, the latter being a truly scholarly work that I characterize as must reading for any who want to better understand the world they live in. Herbert Hoover can hardly be described as a Cold Warrior, and Robert Taft opposed military aid to NATO.
