Paideia — Wikipédia

In modern discourse, the German-American classicist , in his influential Paideia 3 vols.

Αρχική

To sum up, we can say that whereas the Socratic dialogue is philosophical in the sense of love for the unattained wisdom , the Platonic dialogue is pedagogical. Thus truth as such is essentially unattainable by man. Also within the philosophy of education multiculturalism has become one of the main concerns.

Αρχική

This listening is no passive act but is accompanied by the attentive act of asking as clearly explained by Gadamer in his book.

Index

With the Nietzschean death of God, the search for absolute truth itself became doubtful. It is a democratic proposal intended for the education of all, and not an elitist program as some have alleged. The Paideia Proposal: An Educational Manifesto.

Paideia

Dans les premiers temps de la , l'amour jouait un rôle important dans ce processus.
