On Histories and Stories — A. S. Byatt

Without accounting for individuals, structural approaches, like his, do not explain changes that are initiated by micro-level elements. When differences between fundamental and transient sentiments are large, individuals attempt to adjust transient impressions through restorative action or by redefining the situation, behavior, or identity that prompted inconsistency MacKinnon 1994. A paper presented at the Annual Meeting of the Society for the Study of Symbolic Interactionism

Selected Essays on Language, Mythology and Religion

The ubiquity of folklore creates definitions of folklore that are diverse and inconsistent. Specifically, he argued that myths and magic are rational on individual and societal levels, as they serve important functions in explaining the unknown or unfamiliar.

THE IDEA OF FOLKLORE: AN ESSAY

Then, the seal of anonymity sanctioned tradition as genuine. MacKinnon Department of Sociology and Anthropology University of Guelph Abstract As a substantive area, folklore encompasses many divergent phenomena. Their metaphors relate to nature, beliefs, and societies, and their songs celebrate victories and lament failures in the struggle for survival Often, similarities are even more striking when the same narrative episodes and verbal or visual images appear in the expressions of unrelated peoples.
