Integrative Religious Education in Europe. A Study

This book is a contribution to the development of the young discipline of the didactics of the Study of Religions Religionswissenschaft in international perspective.

Integrative Religious Education in Europe : Wanda Alberts : 9783110196610

Critics not caretakers: The scholar of religion as public intellectual. Whereas research on RE was previously considered a task for the confessional theological didactics of religion, the view is now emerging that the academic study of religion should develop its own secular didactics of religion and lobby for the replacement of confessional RE in public schools with RE taught from a neutral, study-of-religions viewpoint.

The Secular Future of Religious Education in Europe

Language matters: gendering Religious Education teaching. The subject matter is not only religions, but all kinds of livsåskådningar outlooks on life , including secular ideologies 236-244. Sweden has been chosen because it was the first country to introduce mandatory integrative and secular RE in schools as far back as 1962; 221 and 226 and because it is still the only European country to have done so.
