## CIP Long Beach

These standards are designed to help state officials and other stakeholders develop and strengthen high-quality care coordination for children with the goal of identifying and assessing the need for care coordination, engaging families in the care coordination process, building a strong and supportive care coordination workforce, and developing team-based communication processes to better serve children and families.

## National Care Coordination Standards for Children and Youth with Special Health Care Needs

Dowler joined NC DHHS as the Chief Medical Officer for North Carolina Medicaid in 2019. Her areas of focus include state and federal regulation of private health insurance plans and markets and evolving insurance market rules. She is married and has four children and six grandchildren.

## Addictions Supportive Housing (ASH)

Cardenas previously worked as a research intern at the Health Benefits Exchange and the Johns Hopkins Bloomberg School of Public Health.

## Addictions Supportive Housing (ASH)

Former member of the PA Supreme Court Elder Law Task Force and Advisory Council on Elder Justice in the Courts, and current member of the PA Judicial Conduct Board. Practice implications Because self-management support may result in clashing values, the development and implementation of self-management support requires deliberation about the values underlying the relationship between professionals and patients. × Margarita Alegría is the Chief of the Disparities Research Unit at the Massachusetts General Hospital and a Professor in the Departments of Medicine and Psychiatry at Harvard Medical School, where she has served since 2004.

## National Care Coordination Standards for Children and Youth with Special Health Care Needs

She graduated with honors from the University of North Carolina School of Law and is admitted to practice in Washington State and the District

of Columbia. Prior to this role, Mr.
