Student Perspective: Promoting a Drug

Drug abuse is not on their list of priorities. Split images filled screens around the auditorium; signs, messages, and patterns flashed across a huge screen at the front of the hall. The agent is ready, the cops are ready, the university is ready.

College Drug Abuse: Epidemic on American Campuses

Now everyone knows about it, and even kids who never use it talk about it — a lot.

Most experts say that, for people who are already emotionally disturbed, marijuana sometimes uncovers psychological problems. Addiction Center is not a medical provider or treatment facility and does not provide medical advice. Thaler of Ithaca, New York, speaks for many local authorities when he says that drug laws, as they stand, are incapable of dealing with the college marijuana problem.

But the honor system has not been able to cope with the use of marijuana by Antioch students. However, many people use these drugs for non-medical purposes and without a prescription, especially college students who buy them from a friend with a prescription. Drug Abuse and College Campuses Substance abuse among college students is hardly a new trend.
