## Compelled Compassion

Specifically, it deals with why the policy was enacted and what impact it has had on health care workers, families, and infants.

## Compelled Compassion

Campbell, on withholding treatment in the special care nursery at Yale-New Haven Hospital. It discusses the development of biopolitics as an academic perspective within political science, reviews the growing literature in biopolitics, and presents a coherent view of biopolitics as a framework for structuring inquiry across the current subfields of political science.

## Ethical Issues in the Pediatric Intensive Care Unit

In April 1982, an infant boy was born in Bloomington, Indiana, with Down syndrome and a defective, but surgically correctable, esophagus.

## Life

Torke, AM; Quest, TE; Kinlaw, K; Eley, JW; and Branch, WT. The book therefore places these techniques in a political context and brings the subsequent considerations and divisions to the forefront of the debate, situating their resolution within the milieu of interest group politics. These questions, asserts the author, are not the only ones to be considered; the impact and role of public policy are equally critical.

## Blank, Robert H. [WorldCat Identities]

Vol 21 1 : February 2005. The topics presented and general conclusions are of major importance to the practitioners in this field, for they show, for the first time, a departure from the more traditional approaches of nutritional support in patients with life-threatening diseases. M; Smith, Robert B III; Dodson, Thomas F: Spell, Nathan O; and Walker, H.
