In the Great Orient, lies the continent called Rodenius. Nihongo Daijiten's definitions in Japanese are noticeably shorter than in Daijirin, Daijisen, or Koujien, and, despite being as large and heavy as the others, Nihongo Daijiten has significantly fewer entries and pages, the thicker paper and larger pictures having taken their toll.

Nihonkoku Shoukan (Title)

With its many color pictures, pages of advice on giving speeches and writing letters, and short English glosses for many of the entries, it wears its marketing strategy on its sleeve: to sell to people who don't know dictionaries.
