Broaden your horizons with an entire library,all your own. Economics of crime by hellman and alper is a very good title if you want to start studying the subject of the economic approach of crime it is very comprehensive it discusses several kinds of crimes like theft murder prostitution drugs etc but it has its limitations since it is made in the words of the authors for an audience with limited background in economics if you have a good knowledge of economic theory youll probably find this book too simple however if you dont.
