## 13 Family Traditions in Indonesia

This OpinionFront article on rural vs.

### Family planning

Some 47 million women in 114 low- and middle-income countries are projected to be unable to use modern contraceptives if the average lockdown, or COVID-19-related disruption, continues for 6 months with major disruptions to services. Indonesian President Joko Widodo is eager to raise efforts to enhance the success of the country's family planning program. Forced sterilization has occurred in recent years in Eastern Europe against Roma women, and in during the 1990s against indigenous women.

### Family planning

Thus, information and counseling should be more focused to short-term method users to prevent discontinuation while in need. A Nigerian study found that women who have ever used traditional or modern contraceptives have higher odds of experiencing an unwanted pregnancy than those who never used them. According to the latest 1984 World Development Report, the per capita income of the U.

## 70 Conversation Questions about Family

The case-studies, however, include a range of couples, families, and retirees.

### How well are the government's anti

Usually, these family members have the same age, level so that family members look many and in groups. Available from: Berghella V, Buchanan E, Pereira L, et al. It has become more of a local tourist spot for the Javanese.

## **8 Traditions Only People Living in Indonesia Will Understand**

FP2020 is not responsible for the contents of any referenced websites or for the availability of access to such websites. The greatest declines are in eastern Europe, concurrent with an increase in access to modern contraceptive methods. Searches for studies on birth outcomes were identified by using the search terms birth outcome OR neonatal outcome OR prematurity OR preterm birth OR low birth weight OR maternal outcome OR maternal health OR maternal morbidity OR maternal mortality.
