However this subject have strayed far from the initial contents of this thread thus I will comment no further on it. Officially they can tug gliders, do you have a source for this assertion that JU 52's can't tug gliders? The USS Shaw explodes at Pearl Harbor on December 7. Several severely damaged US and Japanese aircraft carriers were also scuttled during World War II.

10 Famous Ships That Were Scuttled (Sunk by Their Own Crews)

I will finish this debate with the following quote taken from the personal memoirs of Admiral J H Godfrey: 'Admiral Canaris, Chief of German Military Intelligence Service, sent emissaries to London in early July, fearful of losing contact with the enemy of whom he wished to make an ally'. Ultimately, the idea of the prey overcoming the predator aspect holds the fascination.
