tier sixteen-year education system, allocating ten years to school education, four years to college level studies - two years each for intermediate and bachelor program, and two to the Masters program at the university. The management and supervision of education is currently inadequate to meet the challenge.

Secondary Education Examination (SEE)

Since then several improvements have occurred in the practice of conducting SLC Examination. Secondary education in Nepal is not entirely relevant to the employment or developmental needs of the country, either at the local or national level.

Education Home Secondary School, Sarlahi

School education includes primary level of grades 1-5, lower secondary and secondary levels of grades 6-8 and 9-10 respectively. Initially there were seven such technical schools, six in the public sector and one in the private sector.

Nepal

Nepal does not suffer from serious under financing alone. Certification of completion issued by Nepalese secondary schools Secondary Education Examination Examination Board for Grade 10 in Acronym SEE Education Act 2073 B. After the 2015 earthquake, the country faced the unwieldy challenge of rebuilding much of its infrastructure, including education facilities.

Nepal

In Nepal, however, projects, training centres and physical facilities are set up in most cases by the government with foreign grants or loan

Nepal Education System

The OCE conducts National Level Examination of more than 300 thousand students every year. Hence, until the recent past, Nepal followed the traditional three-

assistance. These facilities range from simple day-care centers operated by semi skilled tutors and ayahs to sophisticated but informal playgroups run by trained teachers and nurses, and from formal pro-primary schools managed as junior wings of large school set-ups to advanced westernized kindergarten and Montessori pre-school establishments. SN Interval in Percent Grade Description Grade Point 1 90 to 100 A+ Outstanding 3.
