Relationship between good governance and economic growth

There was a clear sense that the role of the centralized state must be limited.

Good leadership, effective economic management as elements of good governance

Relating it to leadership, it is an essential quality for effective leadership. Economists came to believe that the effectiveness of market reforms was dependent upon the existence of appropriate political institutions.

The 3 Pillars of Corporate Sustainability

Some researchers and authors claim an effective leader possesses certain traits or abilities; others say it is all personality; still others maintain it is the behaviour--not necessarily the intentions or thoughts--that are crucial. In actuality, greater competency can be achieved as a leader gains more on-the-job experiences.

GOOD GOVERNANCE

They then suggested that donors cease dealing with leaders who have amassed extraordinary fortunes by transferring their country's foreign exchange into private accounts overseas.
