Die casting

Often used as an alternative for investment cast steel parts.

Arbor Press & Die Set Manufacturing Company

Spools, Shoulder Bolts, and Keepers Spools, shoulder bolts, and keepers are used to fasten pads to the die shoes while allowing them to move up and down.

Die Sets

Machinery may eject flying particles, finished products, or scraps during processing and injure workers.

Click Adjustable Sizer Die

When the product or scrap tray is emptied, it must be immediately replaced, or the machinery should be temporarily tagged out of service.

Arbor Press & Die Set Manufacturing Company

Die setters require proper training and awareness of the hazards involved with this work. These subjects enable production staff, and others, to gain a better understanding of how they work and the skill and effort that is required to maintain and repair them. In addition, we can customize anything for specialty processes and manufacturing settings.
